#### Dialogue session with participants (20 minutes)

.....

##### 3 questions posed to participants

- How can we support continued learning opportunities for Afghanistan’s thought leaders and social business entrepreneurs whose work, activism, and studies have been disrupted as a result of the Taliban takeover?
- How can we help strengthen and augment efforts already underway to bring more students, especially female students, from Afghanistan to academic institutions abroad?
- How can we strengthen the Yunus Professional Masters - Special Program for Afghanistan to make it more responsive to the needs of Afghan students and their families?
